Your Eminence:

To my utmost sorry I have again reason to complain about the procedure of renting flats in your house, in which I have the honour to live. After Dr. Goiteins leaving, I renewed the Contract under the special condition, that I have to agree to the renting of the other flats of the house and I was told from your side, that Mr. Frankenthal remains down and a new lesser, with whom I agreed, is going to take the flat of Dr. Goitein. Suddenly, the unexpected change occurred, that Mr. Frankenthal took Dr. Goitein's flat and another family rented the flat down. I am much disappointed about this fact and I cannot understand this procedure. I have to ask you, to remove this new lessor within three days, since to his household belongs an insane girl, and regarding the fact, that I have small children and further regarding the fact, that I have to keep up a certain standard of life, it is im-

possible for me to live together with insane people. In case, you are unable to remove this new neighbour, I regard the new Contract as valid, since the conditions, under which I signed it, are not kept from your part, and I have to leave your house at my earliest convenience.

Believe ^{me} / Your Eminence to remain

Your Eminence' Obedient Servent
